Great Basin Incident Commander Conference Call Agenda 2016	
	
Date: Tuesday, July 04, 2017	Note taker:
GB MAC/GACC Coordinator: Agenda/Incident Commander Discussion Points: <i>Summarize the following in 4 min or less:</i> <ul style="list-style-type: none"> • Fire Size / % contained / # of people / Cost to date • Significant changes since the last 209 • BRIEF fire synopsis /Critical Incident Information (use Directional vs DIVS's) • Political Issues / Community Meetings • Closures / Evacuations / Public Safety Issues • Major Safety Concerns / Injuries / Accidents • Critical Resource Needs • Resources Available to Reassign/Share/Demob 	
Predictive Services:	<p>Generally sunny skies and hot temperatures return for the first part of this holiday week as a strengthening high-pressure ridge builds over the four corners area.</p> <p>The first push of monsoon moisture will begin to move north into the Great Basin on Wednesday and increase through the remainder of the week into the weekend. We have issued High Risk for mid to late week from west to east...but held off extending the high risk into the weekend, due to the uncertainty of how much fuels may moisten from increased thunderstorm activity.</p> <p>Timing and locations may change due to this event still being several days out. Stay tuned for further updates.</p>
GBCC Update:	32 new starts for 10,449 acres Large fire growth reported yesterday 1,391
1 Fire: Brian Head IC: Kim Martin Kim Martin's T1 IMT	67,430 / 70% / 662 / \$24.09M Changes in 209 – acreage update West and South: Rehab/Repair work NE: Night Ops able to put in direct line. Weather and fuels have been favorable for going direct North: Will continue to do PSD work going direct. East: Lines are in place, holding and securing perimeter. There are places

Appendix 7

	<p>that crews can go direct and the crews will be essential to make this happen.</p> <p>Critical needs: None</p> <p>Currently sharing/releasing resources to support other incidents.</p>
<p>2</p> <p>Fire: Earthstone</p> <p>IC: Kindman/Rahman</p> <p>(Unified Command)</p>	<p>209 update: 8,000 acres in size.</p> <p>Impacts yesterday to I-80 (closures at times) and the Railroad. Making good progress this morning. 2 IHCs enroute early this morning - hoping</p>
<p>3</p> <p>Fire: Limerick</p> <p>IC: Babiak/Carmicheal</p>	<p>209 update: 5,400 acres in size.</p> <p>Structure protection in place – will be working with a/c today.</p> <p>Type 3 IMT taking over the fire later today. Impacts to 2 local mines, power lines and Sage Grouse Habitat.</p>
<p>4</p> <p>Fire: Truckee</p> <p>IC: Hicks/Britt</p> <p>(Unified Command)</p>	<p>209 update: 20,000 acres in size.</p> <p>Good progress made yesterday with Black Mt IHC and dozers. Hoping to release IA resources later today and keep the SE portion of the fire away from I-80.</p>
